## • ABOUT OUR SCHOOLS •

In partnership with Christian parents, both MCCA and VCA are dedicated to providing a loving, Christ-centered environment of educational excellence so that our children may develop their gifts, knowledge, skills and energies to become servant leaders for the kingdom of God. Both schools are non-denominational, independent discipleship schools for students of Christian families in St. Louis, Missouri, and Monroe County, Illinois. MCCA is a K-6 program and VCA has expanded to cover grades K-10.

## • EVENT DETAILS •

**Acorns Golf Links**, in its rural country setting, features several different styles of golf. You will find both links style and traditional American style holes, each with 5 tee boxes to serve every golfer's skill level. The course features zoysia fairways that will give you an ideal surface for your approach shots onto the green. The course has something for everyone.

Acorns is located in Waterloo, Illinois featuring 6,701 yards of golf from the longest tees for a par of 72. The course rating is 72.7 and it has a slope rating of 135. You will not find subdivision golf at Acorns; just nature, beautiful scenery, challenging design, and you!

The format will be a 4-person scramble, which means each team works together and uses the best shot each time. This takes the pressure off those who may not be experienced golfers!

You are welcome to form your own team or register individually. We encourage those already involved with MCCA or VCA to look outside their school families as you build your teams, to get even more involved and aware of these great ministries! Cost is **\$100/per person, \$400/per foursome**.

A **registration form** is included. Please complete, detach and return with payment to:

Betty Poore c/o VCA  
1930 Meyer Drury Drive, Ste. B  
Arnold MO 63010

Please make checks payable to Victory Christian Academy. Registration deadline is **Thursday, September 7**. Please email any questions to Betty Poore at [betty.poore@vcastl.org](mailto:betty.poore@vcastl.org).
